"Many a time did I try to quit smoking, but I could not not through a day without suffering extreme nervous torture, increasing hour by hour till finally, to save myself from going to pleces, I had to light the little white pipe-site and swaltow the smoke.

"Une day I rend in the paper, Don't Tobacco spit and Smoke Your Life Away, just what I was doing; it came to me life the warring of the red flag of danger at the railroad crossing, and though I did not believe it, yet like a drowning man granping at a straw, I commenced taking No-To-Bac.

"The effects were magical, it destroyed the nerve craving and desire for cigarettes. Two bosen, would you believe it? made me well and strong.

"I have gained mentally, physically in vigor and manhood, and with brain free from alcother and a breath no longer beforelind with tobacces amoke, I am so happy today to write that No-To-Bac did it all a year ago, so the care is time-tested and tried, not only in my own case for several of my friends have also been cured.

"We have a baby bey now.
